Find Out Why This Rare Breed is Your Next Perfect Horse!

The **critically endangered** Canadian Horse is the oldest distinct breed in N. America. Often referred to as **"the affordable Warmblood"** or **"the reasonably priced Friesian,"** this breed has the looks and the power to perform at the highest levels of competition while still being **"in your pocket"** enough to be the family horse. **Bred for versatility, athleticism, stamina and soundness,** Canadians are competing at all levels of many disciplines -- from dressage, eventing, working equitation and foxhunting to competitive trail riding, barrels/roping, driving -- even Civil War re-enactment and ski joering!

Come and see the...

- ❖ **Breeder's Barn** featuring farms, horses for sale and stallions standing at stud from Canada and the US
- ❖ **Under saddle/harness demonstrations**
- ❖ **Equine-related seminars**
- ❖ **Presentations about the breed**
- ❖ **Vendors and food onsite**

Want to participate? The Expo is actively seeking volunteers, demo riders, vendors, presenters, advertisers and sponsors. Please contact:
