

Lise Krieger Saddle Fit Clinic Day

For the Love of the Horse ❤️

*Hosted by Heidi Potter Holistic Horsemanship
New England Center for Horsemanship-Guilford, Vermont
Saturday May 19, 2018 9-6:00*

Proper saddle fit is one of our biggest responsibilities as riders, and it is complicated! This is why I've invited Lise Kreiger, certified Saddle Fitter and owner of New England Saddle Fit, to help us sort it all out.

As a trainer I know that ill-fitting tack is one of the most common causes of undesirable behaviors in horses. In addition to causing pain it can cause lasting physical, mental and emotional issues. An ill-fitting saddle can just make it impossible for our horses to do what we ask. They can also have a negative effect on the rider, causing aches, pain, and instability.

- Mounted assessments of each participant
